13	EOR Right, Then Left (???) at 1st Rbt and left at 2nd Rbt Then take the first road on the left.	NB: This instruction can be confusing! It is really ahead at 1st rbt and left at the second. But to go left at 2nd you need the left hand lane which may account for the examiners instruction. But it might not make sense to you! They would be better off telling you to follow road sign to Leighton Buzzard!
14	Then asked to pull up on the left and give the instruction: EOR Right, mini rbt ahead and the next mini rbt Left.	
15	Then pull up and given the next instruction: EOR Left; next road on the left and next road on the right	You finish up in Birchfield Grove and that ends Independent Drive.
